Incident Command - 400 (ICS4)

Course Overview

This course provides training for senior personnel who are expected to perform in a management capacity in an Area Command or Multi-agency Coordination Entity. This course provides training on and resources for personnel who require advanced application of the Incident Command System (ICS). This course expands upon information covered in ICS-100 to ICS-300 courses. This course will include but not be limited to: major and/or complex incident/event management, area command, and multi-agency coordination. This course is designed to provide overall management skills rather than tactical expertise.

Who should attend?

All Government, private sector and non-governmental personnel should take ICS 400, including: Command and general staff, agency administrators, department heads, emergency managers, areas commander and multi-agency coordination system/emergency operations center managers.

Topics covered

- Describe how the NIMS Command and Management component supports the management of expanding incidents
- Describe the incident/event management process for large-scale organization development; roles and relationships of the primary staff; the planning, operational, logistical and fiscal considerations related to large and complex incident/event management
- Implement the application of Area Command and the importance of inter-agency coordination on complex incidents/events

Duration: 2 days (16 hours in total, assuming an 8-hour day)

The course will require a minimum of 12-16 hours for presentation, exclusive of breaks. More time will be required if agency-specific material is added.
